Trip.com Supplier Registration Terms & Conditions

Trip.com Supplier Platform adheres to the principles of transparency, openness, and mutually beneficial cooperation. We're committed to establishing long-term and sustainable cooperation relationships with our suppliers. Before applying, please read the following terms & conditions:

1. Trip.com Supplier Platform has not authorized any agency to carry out promotion services. **Application procedures and related fees are subject to the official website of Trip.com Supplier Platform and are at the platform's sole discretion.**
2. Trip.com Supplier Platform reserves the right to (1) reject applications based on factors including but not limited to product demand, supplier's business status, and the service level provided; (2) require the supplier to provide other qualifications during the application process and in future cooperation with the supplier.
3. Supplier registration requirements will be updated from time to time according to the applicable laws and regulations, industry trends, and other relevant criteria. Suppliers who apply for registration shall comply with the latest supplier registration requirements.
4. Any supplier who applies for registration represents and warrants that the information and materials it provides to Trip.com Supplier Platform during the application process and in future cooperation are true, complete, accurate, and valid. If a supplier violates this clause, Trip.com Supplier Platform reserves the right to terminate cooperation with that supplier and will handle the matter in accordance with Trip.com Supplier Platform rules and our agreement with the supplier.
5. Suppliers applying to join must provide the applicant's personal information, including identity information and mobile number. The contact person's name, mobile number, email address, etc. must also be provided to receive subsequent cooperation notifications and more. Please ensure that the information entered is authentic and valid. Trip.com will protect the identity information you enter through encryption and other measures.
